

Download SWTML 1.0 Release Candidate 2 (Release Date: 04/06/2008)

Please read the [license](#) agreement before downloading. If you have any questions please send email to swtml at sheelapps dot com .

Download [swtml-1.0.RC2.zip \(1.6MB\)](#) from here. Zip file contains all the necessary jars to build SWTML application.

Examples

Download the Text Editor source code [Text Editor](#) or read online [here](#). To run TextEditor example,

```
java -classpath ./.;swt.jar;commons-beanutils.jar;  
commons-digester-1.8.jar;commons-logging-1.1.1.jar;  
swtml.jar;texteditor.jar  
com.sheelapps.swtml.examples.texteditor.TextEditor
```

Required Libraries

SWTML depends on following libraries :

- swt.jar - (SWT version 3.3)
- commons-beanutils.jar
- commons-digester-1.8.jar
- commons-logging-1.1.1.jar
